OBJECTIVES OF PACTUM

PACTUM Project aims at providing a high-quality, multidisciplinary and stimulating two years master programme in social, political and behavioural sciences. The goal here is to develop an innovative approach that might create positive effects both for the Tunisian teaching staff and the students. With regard to the former, the opportunity to establish and cultivate contacts with important European universities and professors could be relevant to learn new methodological techniques and develop a broader and more comparative approach to the study of social, and more specifically political, sciences. In a similar way, also European instructors might benefit much from Tunisian academic staff, due to their skills and knowledge of the cultural and political environment.

- 01  The Catalogue of good practices in the field of social political and behavioural sciences.
- 02  The offering of a Summer School each year of the project as activity in synergy with the Master Course.
- 03  Design and teaching of an innovative master's in social, political, and behavioural sciences.

ERASMUS+ PROGRAMME

The European Union's Erasmus+ programme is a funding scheme to support activities in the fields of Education, Training, Youth and Sport.

The Programme is made up of three so-called "Key Actions" and two additional actions. They are managed partly at the national level by National Agencies and partly at the European level by the EACEA. The European Commission is responsible for Erasmus+ policies and oversees the overall programme implementation.

- **Key Action 1:** Learning Mobility of Individuals
- **Key Action 2:** Cooperation for innovation and good practices.
- **Key Action 3:** Support to policy reforms.
- **Jean Monnet:** Supporting studies on European integration.
- **Sport:** Promoting the development of the European dimension in Sport.
- **Funding opportunities:** Find relevant information concerning funding opportunities.
